ACADEMIC & PROFESSIONAL PROFILE

Dr. Yasir Javed | Riyadh, Saudi Arabia | yjaved@psu.edu.sa
Computer Science Academic | AI & Cybersecurity Researcher | FHEA
Web: kayaniyasir.github.io/yjaved | ORCID: 0000-0002-6311-027X

ACADEMIC PROFILE

Computer science academic at Prince Sultan University, Riyadh. Research in AI-assisted cybersecurity, intrusion and DDoS detection, secure networks, robotics, and digital education. Experience spans university teaching, supervision, software engineering, security auditing, faculty development, institutional benchmarking, and professional computing leadership.

EDUCATION

PhD, Computer Science | Universiti Malaysia Sarawak, Malaysia | 2020
MS, Computer Science | University of Management and Technology, Pakistan | 2006
BS, Computer Science | University of Management and Technology, Pakistan | 2004

ACADEMIC AND PROFESSIONAL APPOINTMENTS

2019-present: Senior Research Engineer / Lecturer, Prince Sultan University, Riyadh
2026-present: Director, Benchmarking Unit, Prince Sultan University
2022-2026: Director, Instructional Design Unit, PSU Teaching and Learning Center
2023-present: ISO 27001 Lead Auditor, Prince Sultan University
2018-present: Chair, ACM Professional Chapter, Saudi Arabia
2025-present: Deputy Chairman, School Management Council, PISES Riyadh
Since 2005: Software engineering/consultancy association, CYAN Business Solutions

RESEARCH AREAS

AI for defensive security; network intrusion and DDoS detection; secure cellular communication; 5G/6G and IoT authentication; robotics and UAVs; AI in education and university quality.

INDEPENDENT RECOGNITION

President’s Distinguished Teaching Award, PSU (academic year 2020-2021).
Top Researcher Award referenced in PSU’s publicly available professional profile.
Fellow of the Higher Education Academy (FHEA), UK (professional CV record).

TEACHING AND SUPERVISION

Undergraduate Java programming, cybersecurity and computing subjects; postgraduate mentoring; faculty and teacher training; open Java course resources and 160 programming exercises.
A 2026 CV recorded supervision of 41+ master’s students (verify for formal applications).

DR. YASIR JAVED | SELECTED RESEARCH & PROJECTS

Selected publications with publisher DOIs and project roles.

PEER-REVIEWED RESEARCH

Mahar et al., including Javed (2026), Scientific Reports, 16, 6533.
A hybrid machine learning approach for detecting DDoS attacks in software-defined networks.
DOI: 10.1038/s41598-026-35458-w
Hadi et al., including Javed (2024), Technologies, 12(8), 122.
iKern: advanced intrusion detection and prevention at the kernel level using eBPF.
DOI: 10.3390/technologies12080122
Khan et al., including Javed (2021), Journal of Ambient Intelligence and Humanized Computing.
Trust-based lightweight security protocol for device-to-device multihop cellular communication.
DOI: 10.1007/s12652-021-02968-6
Javed and Alenezi (2023), Sustainability, 15(10), 8136.
A case study on sustainable quality assurance in higher education.
DOI: 10.3390/su15108136
Tahir et al., including Javed (2024), Technologies, 12(9), 168.
Blockchain-based healthcare records management framework.
DOI: 10.3390/technologies12090168

SELECTED FUNDED PROJECT ROLES

Secure Software Development Automated Tool (PSU, 2024): Co-Investigator.
Automated Colon Cancer Detection Using Deep Learning (PSU seed, 2022): Co-Investigator.
DroneMap - Cloud Robotics for UAV Surveillance (KACST, 2015-2018): Senior Researcher.
myBot - Personal Assistant Robot (KACST, 2014-2015): Research Engineer.
iRoboApp - Intelligent Algorithms for Robotics (NPSTI, 2012-2014): Senior Researcher.
